

LEAD & COPPER RULE MONITORING AND REPORTING VIOLATION  
MANDATORY LANGUAGE - TIER III

**IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER**

**ABRAXAS UTILITIES** has violated the monitoring and reporting requirements set by Texas Commission on Environmental Quality (TCEQ) in Chapter 30, Section 290, Subchapter F. Even though these were not emergencies, as our customers, you have the right to know what happened and what we are doing (or did) to correct these situations.

*We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During July-December 2020 the previous owners did not monitor or test for Lead and Copper and therefore cannot be sure of the quality of your drinking water during that time.*

The table below lists the contaminant(s) we did not properly test for during the last year, how often we are supposed to sample for these contaminants, how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which the follow-up samples will be taken.

Contaminant	Required sampling frequency	Number of samples taken	When samples should have been taken	When samples were or will be taken

**What is being done?**

We are working to correct the problem. For more information, please contact Central States Water Resources Texas at 866-301-7725 or [support@cswrtexasuoc.com](mailto:support@cswrtexasuoc.com) or 1650 Des Peres Rd., Suite 303 St. Louis, MO 63131.

CSWR-TX purchased the facility on 02/12/21. Since this time, CSWR-TX personnel have begun sampling in accordance with all state and federal requirements. Lead & Copper samples will be collected as required.

*Please share this information with all other people who drink this water, especially those who may not have received this notice directly (i.e., people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.*
